

Participants in Aulanko

# Morganeers meet in Finland

*By Kari Nettamo*

The 2018 gathering of Morgan Club of Finland took place in Aulanko, Finland August 28-29 in the most ideal summer weather. The sun was shining as it did throughout Finland this summer. There were eleven members at the event including our newest member with an Aero 8.

On Saturday, the group of motorist completed a four-hour journey in the Hämeenlinna area. There was a stop at Vehoniemi Automobile Museum. The Sallinen family has run this museum for three generations, and they do not charge an entry fee from visitors. This does not mean the museum isn't filled with a wide variety of artefacts.

Quite the opposite. Leila Suutarinen, the museum's historian and granddaughter of the founder, presented us with a detailed account of the museum's history from the early beginnings in 1983 to present day. The museum is located in a picturesque area on

Palkane's waterfront. Their café with a patio was a wonderful bonus for us.

The following day's drive was towards the west, which some of our membership skipped because of their eastern or southern home locations. Our destination was Keppana Kellari where we braked for an amazing lunch. If you're ever searching for a restaurant with great food and atmosphere, this restaurant is the place to visit. Many motorists, both on motorcycles and in automobiles, have found this eccentric place a must-see stop on their journey's across Finland.

Meeting in Aulanko with Morgan flag
